GUILTY OF GRAND LARCENY

Confidential Manager of Brokerage
Firm Sent to Prison.

New York, Nov. 16.—Having pleaded guilty to an indictment charging grand larceny George H. Brouwer of Brooklyn, former confidential manager for James H. Oliphant & Co., brokers, was sentenced to not less than three years and nine months and not more than eight years and nine months in state prison in the court of general sessions.

The specific charge against Brouwer involved the misappropriation of \$2,750 which he had received in negotiating the sale of property belonging to J. F. Cardale, who had an office with Oliphant & Co.

Favorable Report on Prohibition.

Montgomery, Ala., Nov. 16.—The senate committee on temperance has agreed to report favorably the prohibition bill already passed by the house, with an amendment that all counties voting "dry" by Dec. 12 are to be "dry" after Jan. 1, and in counties voting after that date the law is not to go into effect until Oct. 1.

WATTERSON IS BITTER

Attitude of Bryan.**

NEBRASKAN UNABLE TO WIN

Acceptance of Nomination by Bryan No More Than Watterson Expected. Former Can No Longer Create Enthusiasm Among the People.

Boone, Ia., Nov. 16.—Colonel Henry Watterson, when asked by the Associated Press for his opinion on William J. Bryan's tentative acceptance of the Democratic presidential nomination, declared that he had labored with Bryan to have him decline the nomination and to quit his "dog in the manger" attitude. Colonel Watterson realized that Bryan had it in his power to demand the leadership of the Democratic party in 1908 or "defeat any other candidate by knifing

HENRY WATTERSON.

him as he did Parker." Bryan's acceptance was no more than he had expected, however greatly he had regretted the action, because he thought Bryan could no longer create the enthusiasm, as he had been before the people to many times.

Asked as to the assertion often made that the next president would be Roosevelt or Bryan Colonel Watterson said that the nomination of Roosevelt was all Bryan supporters wanted because they could then go to the people with the third term slogan. Bryan could carry New England on such a campaign, he thought. Roosevelt by such an act would Mexicanize this government, holding himself as greater than Washington.

As for himself, much as he disliked to do so, he would vote for Bryan against Roosevelt in such a dilemma. He believed, however, that Roosevelt would decline another nomination as he had nothing to gain and the Republican party had many men of presidential caliber. He mentioned especially Taft, Hughes and Crane of Massachusetts. He said Senator Crane would make a strong man on the argument that New England had not had a president for a long time.

JOHNSON ENDORSES BRYAN

Mayor of Cleveland Not a Presidential Candidate.

Cleveland, Nov. 16.—In an open letter to William Jennings Bryan expressing satisfaction with Mr. Bryan's announcement of Thursday Mayor Tom L. Johnson says he will endeavor to get an Ohio delegation to the national Democratic convention that will call on Mr. Bryan again to be the Democratic candidate for the presidency. The mayor declares he is not an aspirant for the nomination. The letter closed as follows:

"The fact that my name has been publicly mentioned in this connection since our victory in Cleveland I should hardly think worth while to refer to it were it not that my silence might allow embarrassing misconceptions to get headway. Under the circumstances I wish to advise you, as I am now and shall continue advising my friends, that I shall not allow myself to be diverted from our work in Cleveland, which I regard as a public trust and of the highest importance both locally and generally. This would be an insuperable objection to any presidential aspirations upon my part; but, in addition, I regard your candidacy next year as of vital importance to the cause of genuine Democracy. That the masses of the people will confirm this opinion is my hearty desire and confident belief."

St. Paul Company Denies.

Topeka, Kan., Nov. 16.—The St. Paul Fire and Marine Insurance company of Minnesota has filed papers in the district court of Topeka denying that it has entered into an agreement or combination for the purpose of fixing rates in Kansas for fire insurance. This action is in answer to the suit brought by Attorney General Jackson charging all of the fire insurance companies doing business in Kansas with being in a trust and asking for an ouster on that ground.

INSANITY THE DEFENSE.

Mrs. Bradley's Attorney Outlines Evidence to Come.

Washington, Nov. 16.—That the defense of Mrs. Annie M. Bradley, on trial in the criminal court on the charge of murdering former United States Senator Brown, would be insanity was made evident beyond a question by the preliminary statement made to the court by her attorney, Mr. Hoover. When the prosecution rested the case Mr. Hoover followed with his preliminary outline of the case for the defense. He detailed the principal events in Mrs. Bradley's life and entered into the circumstances of her intimacy with Mr. Brown, saying that it would be proved that she was completely under his domination and forecasting testimony which would be adduced to show that she was mentally irresponsible when she fired the fatal shot. He also said it would be shown that Mr. Brown had performed more than one criminal act upon her with his own hand and that he had presented her with the pistol with which she killed him, telling her that she should use it on his wife if she gave her trouble. According to Mr. Hoover's statement it will also be shown that there is a taint of insanity in Mrs. Bradley's family.

HOLD UP PAYMASTER.

Four Armed Italians Secure Over Five Thousand Dollars.

Passaic, N. J., Nov. 16.—Four armed Italians perpetrated a daring robbery on the outskirts of this city, holding up a paymaster and carrying away a satchel which the police say contained between \$5,000 and \$7,000. Three of the highwaymen were arrested after an exchange of shots with the police, but the fourth escaped with the booty.

Paymaster William Knapp of the Wortham and Aldrich company, dyers of Delawanna, N. J., two miles from here, started to drive to this city, where he intended to deposit the money in a local bank. He was alone and unarmed and was nearing the city when four armed men with shotguns stepped from behind trees and ordered him to stop. One of the men seized the horse's head, two covered the paymaster with guns, while the fourth climbed into the wagon and seized the satchel. Keeping Knapp covered and warning him not to make an outcry the men disappeared.

FRUSTRATED BY POLICE.

Alleged Gigantic Swindle of Pittsburg Chinamen.

Pittsburg, Nov. 16.—Through the arrest of twenty-three Chinamen the police believe they have frustrated what was to have been a gigantic swindle of local Celestials by some of their countrymen who came from Chicago last week.

The Chicagoans, according to police advice, are highlanders, members of the Hip Sing Tong society, one of the most vicious of the Chinese societies. They had quarters in the basement of a Grant street building near the local Chinese quarter which were fitted up on an elaborate scale. When the police broke in there was a mad rush, but all were stopped by the policemen. One man crawled into an open drain and was extricated with difficulty. They were charged with being suspicious persons and common gamblers. Local Chinese were charged with visiting a disorderly house. In the room was found a list of the wealthy Chinese of this city.

ATTEMPT TO BREAK STRIKE

Hundreds of Nonunion Carmen Arrive at Louisville.

Louisville, Nov. 16.—For the second time in seven months Louisville has a street car strike, the 850 union employees of the Louisville Railway company having walked out.

When the partial service furnished was discontinued at nightfall only twenty arrests had been made, virtually all of them for disorderly conduct, which charge covered mainly the throwing of an occasional brick or jeering at the nonunion men. The company operates on a normal basis 600 cars. Only forty cars were running.

Five hundred strikebreakers have arrived. Adding to these the 200 non-union employees who did not go out the company expects to have a normal service, provided protection is furnished.

Guilty of Defrauding City.

Columbus, O., Nov. 16.—William Willcox, former superintendent of the municipal lighting plant, was found guilty by a jury on the charge of defrauding the city out of \$1,170 in complicity with William B. Moore, a lumber agent, by collecting money for poles which were not delivered. Moore, who is now serving four years in the penitentiary, confessed that he and Willcox had divided the money. Willcox collapsed on hearing the verdict.

Gold From Black Hills.

Lead, S. D., Nov. 16.—A shipment of \$200,000 in gold bullion to New York has been made. This is the second shipment of gold to the East from the Black Hills since the financial stringency.

STOCKS AGAIN FALL

Some Securities Decline to New Low Level.

CLEARING UP OF WRECKAGE

Volume of Liquidation on a Small Scale, but It Was Apparently Urgent and There Was No Corresponding Demand to Absorb It.

New York, Nov. 16.—The stock market took on the appearance of quite severe depression again and sold down for some stocks to new low levels for the year. The liquidation was not large in volume, but it was apparently urgent and there was no corresponding demand to absorb it. The bear party was accused, also, with some bitterness, of manipulating prices to accelerate the decline and to profit from the necessities of the sellers. It was common supposition that the process going on was what the market parlance calls clearing up of wreckage, meaning the selling out of accounts that had been carried through the late period of peril, or which had been taken over outright from embarrassed houses by capitalists able to carry them. A number of circumstances also emphasized the weakness, although their immediate effect was confined to individual stocks. New York Central was the earliest stock to be affected in this way, responding to the published reports of the formation of a finance committee to consider the further financial needs of the company and the methods by which they were to be met.

The United States Steel stocks continued to feel the effects of the growing evidence of reaction in that trade and this was of cumulative effect on the whole list, owing to the importance attached to the iron trade as an index of general industrial conditions. The Harriman Pacifics were brought into the line of depression by the publication of the earnings of the companies for September. Net earnings of both companies showed heavy declines compared with September of the preceding year, in spite of the continued expansion in gross earnings. The increase in operating expenses for the Southern Pacific was 50 per cent greater than the increase in gross earnings, while for the Union Pacific the increase in expenses was twice as great as the increase in gross earnings.

DUE TO LOW PRICES.

Enormous Purchases of Securities on Wall Street.

New York, Nov. 16.—Never in the history of Wall street has there been such enormous purchases of securities by investors in odd lots and the transfer books of railroad and industrial corporations show a record breaking number of new shareholders. The present low market prices of standard securities is responsible. The New York Central railroad and several other companies report that the number of their stockholders have nearly doubled in the last year. The four departments of all corporations are working day and night to keep up with their work. Where a transfer of stock is usually effected in two days delays of a week are now not uncommon.

The distribution of stock to people of moderate means foretells certain relief for the monetary situation, for brokerage houses state that these purchases are made outright with cash withdrawn from safety deposit vaults or with certified checks. These sums, ranging in amounts from \$100 to \$10,000, in the aggregate total many millions of dollars. Bankers welcome the small investor, for his appearance betokens a firm conviction that the country's industrial wellbeing will be maintained.

TERRORIZED FARMERS.

Insane Laborer Runs Amuck With Repeating Rifle.

Minneapolis Nov. 16.—Armed with a repeating rifle Julius Voight, a farmhand who is believed to be violently insane, for two days terrorized the farming community of Edina. It was not until he was shot three times with a shotgun, twice in the leg and once in the head, that he was finally captured and placed in the jail at Wayzata. Later he was brought to Minneapolis by Deputy Sheriff Johnson.

Voight tried three times to kill Richard Moriarty, a farmer of Edina. He threatened to kill a milkman he happened to meet on the road and declared that he would kill Miss Craig, daughter of John Craig, an Edina farmer. His capture saved her.

Eight Killed in Wreck.

Sault Ste. Marie, Mich., Nov. 16.—Eight people were killed in a wreck on the Canadian Pacific railroad at Chalk River. Express No. 8 crashed into a light engine which was running wild, derailing two cars and destroying both locomotives.

Childrens coats are much more difficult to select than ladies garments. The greatest difficulty is in the matter of prices, for the tailoring on children's coats cost largely in proportion to what it does on ladies' coats. Then, it requires even a better size assortment than it does in the ladies' coats. Unless coats are selected early in the season the assortment is not what you wish and we urge you not to delay the purchase of the child's coat much longer. We can give you the best just now.

TAGGART ISSUES CALL.

Summons Democratic National Committee for Nov. 22.

French Lick, Ind., Nov. 15.—Chairman Thomas Taggart of the Democratic national committee announced that he had issued a call for a meeting of the members of the committee at French Lick Nov. 22. The time and place for the next Democratic convention will be discussed at the meeting among other subjects, but no final action will be taken. The time and place for the meeting of the committee to settle definitely the national convention question will be decided upon.

Aged Woman Commits Suicide.

Willmar, Minn., Nov. 15.—Mrs. Theodore Lindland, who made her home with her daughter, Mrs. Mott of this city, committed suicide by hanging. The other occupants of the house were away from home at the time. Upon returning they found the aged woman dead, her head through a noose formed of a clothesline and attached over a door. She was sixty-five years old. No cause for the act is known unless it be despondency over ill health.

PROMINENT IN POLITICS.

Mysterious Suicide of Albany (Mo.) Bank Cashier.

Kansas City, Nov. 16.—J. B. Thomas, cashier of the Bank of Albany, Mo., a prominent Democratic politician and former grand master of the Masonic order of Missouri, committed suicide at the Midland hotel in this city, leaving no message to explain his action. There is no evidence that the affairs of the Bank of Albany are involved in the tragedy, the surviving officers having asserted emphatically that they know of no reason for the suicide of Cashier Thomas.

Thomas was found dead in the bathroom, fully dressed, with a bullet hole in his right temple and clutching a pistol. He was sixty years old and had been cashier of the Bank of Albany since 1880.

"Jones borrowed a shilling from me yesterday and paid me back today." "Well, what about it?" "He paid me back with the same shilling that I lent him." "That's strange." "Not very. He couldn't change it either."—London Telegraph.

ADOPTS RESOLUTIONS.

Knights of Labor Disposes of Some Important Business.

Washington, Nov. 15.—The general assembly of the Knights of Labor in convention adopted resolutions to urge before congress and state legislatures that national holidays be observed whenever national elections occur and local holidays be on occasion of state elections. The assembly endorsed the movement of the United States Historical society of this city for a more patriotic observance of the Fourth of July, declared in favor of the initiative and referendum on all important matters and urged legislation taking from federal judges the power to pass on the constitutionality of any question, such power being the prerogative of the supreme court of the United States.

The convention adjourned after electing officers and selecting Washington as the place for holding the next annual convention. The officers elected are as follows:

Simon Burns, Pittsburg, general master workman; P. H. Farrell, New York city, general worthy foreman; J. Frank O'Meara, Washington, general secretary-treasurer; John Fernau, Pittsburg, J. B. Lenau and P. J. McCarthy, Boston, members of the general executive board.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh, being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Injured Man Brought to Town and Taken to St. Joseph's Hospital for Treatment

L. B. Stewart, of Davenport, is at St. Joseph's hospital suffering from a broken leg, the result of an accident Friday. He was coming to town from his home with a load of wood and was sitting on the front end of the load. In going down a steep pitch a stake holding the front of the load broke and he was thrown forward between the team and the wagon, the loaded wagon passing over his right leg breaking it just above the knee. He was found shortly after the accident by Charles Krech who hastened to town and sent Dr. Beise out to care for the man. He was brought to the city and taken to St. Joseph's hospital where the fracture was reduced. He is resting as easily as could be expected today and while there is no danger of permanent injury he will be laid up for some time.

BRUNS the optometrist, who fits glasses correctly will be in Brainerd at the Ransford hotel, November 20 and 21. SHOPLIFTERS

Are Already Making Their Holiday Visits to Local Stores According to Reports

Shoppers are already profiting by the crowds that throng the stores these days and merchants are putting forth the holiday vigilance. One merchant is quoted as saying that he shall vigorously prosecute any caught in his establishment, as he believes that the plan of merely making the thief pay for what they are caught stealing really fosters the evil. It is also said that it would surprise the general public if they really knew the number of "long fingered" people in Brainerd who play this art.

ONLY TWO CASES

Health Officer Beise States That There are Now But Two Cases of Diphtheria in the City

Dr. Beise, city and county health officer, informed THE DISPATCH this forenoon that there were now but two cases of diphtheria in the city. At no time has there been anything approaching an epidemic, there being only a few scattering cases with no apparent connection. In speaking of the absence of pupils from school he said they were in more danger of catching the disease on the streets than in the schools because the germs were liable to be in the dust and floating around on the street.

PURE SPECULATION

Talk About a Successor to Mrs. Eddy Characterized as Pure Speculation

October 28th, 1907.

TO THE EDITOR:—

"I am authorized by Mr. Farlow, Christian Science Publication Committee in Boston, to make the following statement with reference to a reported succession to Mrs. Eddy:

"This talk about a successor to Mrs. Eddy is pure speculation and is no more than a rebash of a manufactured rumor which has gone the rounds of the press for years.

"In the first place, the well preserved condition of Mrs. Eddy, as recently discovered by the public makes the question of a successor very much out of time.

"In the second place, one who is at all familiar with Christian Science must know the impracticability and impossibility of a personal successor to Mrs. Eddy. Christian Science is already discovered and established, and Mrs. Eddy is already succeeded in a large measure by the religio-science which she teaches, and she will never have any other successor. The Christian Science church will never have any other personal leader beside Mrs. Eddy. It is a part of the mission of Christian Science to do away with leaders and to teach mortals to depend upon divine guidance, and in compliance with this fact, a by-law of the Christian Science church specifically provides that the term "leader" shall not be applied to Christian Scientists in connection with Christian Science. Mrs. Eddy, because of her unique position as the discoverer and founder of Christian Science, naturally and necessarily becomes the leader of Christian Science movement, but the consummation of her work will place the church beyond the necessity of leaders or heads.

"The rumor that Mrs. Eddy will not again appear in public is without any foundation whatever. Mrs. Eddy reserves for herself the same privilege which she has always claimed of going when and where she pleases.

"The rumor that within a few months an edition of 'Science and Health' will be issued which 'will deal at great length with the opposition of the medical fraternity to the Science movement and advice to her followers just what to do in hostile communities' is also pure fabrication. Mrs. Eddy has just issued her revised edition of 'Science and Health,' but it contains no such matter as described in the rumor."

EVANGELISTIC CONFERENCE

To be Conducted by Dr. J. R. Pratt, of Albany, N. Y., and Local Pastors

NOVEMBER 20TH TO THE 24TH

Meetings to be Held at the First and Swedish Baptist and Presbyterian Churches

A special evangelistic conference will be held in this city next week commencing Wednesday evening, November 20th, and closing Sunday evening November 24th. These meetings will be conducted by Dr. J. R. Pratt, of New York City, assisted by the local pastors. The first meeting will be held in the First Baptist church Wednesday evening, when Dr. Pratt will take for his subject, "The Secret of Evangelism." On Thursday morning at 10:30 at the same place he will speak on the subject, "Why Prayer is Not Answered." Thursday afternoon at 3:30 at the same place his theme will be "How to Offer an Acceptable Prayer." His evening subject will be "Effectual Prayer."

On Friday and Saturday the meetings will be at the Swedish Baptist church. At 10:30 Friday forenoon he will speak on "The Holy Spirit as Organizer, Engineer and Administrative of the Church." Friday afternoon at 3:30 his subject will be "The Anointing for Service." In the evening, "Have Ye Received the Holy Ghost Since Ye Believed." On Saturday evening there will be a mass meeting for all the people at the Swedish Baptist church.

Sunday afternoon at the First Presbyterian church Dr. Pratt will hold a grand young people's rally, admission being only by ticket. Sunday evening the closing meeting of the conference will be held when the people from all the churches will unite in a grand union mass meeting at the First Congregational church. It is the desire of the Ministerial association that Christian people lay aside everything possible and attend these meetings. They ask them to make this a matter of prayer and ask that God may make it a pentecost.

A Hard Debt to Pay

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous hacking quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equalled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by H. P. Dunn, druggist. 50c and \$1.00. Trial bottle free. t-t-s

Special Notice

A special meeting of the members and friends of the First Congregational church is hereby called for Monday evening at 7:30 o'clock sharp in the church parlor. Meeting is for considering the call of a pastor. All members are urged to be present.

Soon—Alice in Wonderland.

"The Land of Nod"

It is a pleasure to witness a production that has been endorsed by great leaders of public opinion. Such is "The Land of Nod," which has received high praise from ministers, college professors, teachers in public schools and prominent woman's clubs. The educator endorses the production on account of its effect on the child mind. Its simplicity of theme, the lessons of the flowers, heroics of music, the majesties of the woodland and the introduction of the established type of nursery days, combine in placing for the imagination just the sort of wholesome exercise desired. Public librarians, kindergarten teachers and instructors in the juvenile departments of public schools have unqualifiedly endorsed "The Land of Nod" as being a part of their work. Once in a few times in the life of a child, or even an adult for that matter, is such a production, afforded. "The Land of Nod" has not a questionable line either in song or speech. Its humor is as clean and sparkling as water from a mountain stream. Its action is artistic as in a painting by Millet. Its grandeur and magnificence is like nothing else than its own for it completely eclipses all other spectacles of its kind. The only visit of "The Land of Nod" here this season will be at the Brainerd opera house November 21. Prices \$1.50, \$1.00, 75c, 50c and 25c.

Hooligan in New York

"Hooligan in New York," the big trick pantomime comedy drama is booked to appear at the Brainerd opera house on November 19th, and will be presented by a great company of well known and well liked dramatic artists including Nellie LaFleur, Maymie Maxwell, Carrie Herbert, Edna Hubert, Ryan & Douglas, Robt. Merideth, Clinton DeWitt and Frank H. Collier in his original creation of Hooligan.

"Hooligan in New York" is the original big city production of the cartoon comedy and carries a car load of scenery and trick properties to properly present this novel play. A wonderful realistic railroad scene—an opium den—city hall—park at night—Greely square and east side den are some of the scenic sensations that will be shown.

The Gingerbread Man

"The Gingerbread Man" has just finished one of the most extended tours of eastern Canada, doing a rip-roaring capacity business everywhere, from Montreal, Quebec, to London, Ont. They play Louisville, Dayton, Indianapolis, Columbus and the Nixon theatre, Pittsburgh, and then head for the Copper country, thence to the coast via Northern Pacific.

Coming to the Brainerd opera house soon.

WORSE THAN ONIONS

Bad Breath From Indigestion Cannot be Overcome With Perfumes

All of us suffer from bad breath—sometimes our own, but oftener that of our friends.

Nine-tenths of this bad breath comes from some stomach trouble, and cannot be overcome by breath perfumes or any other palliative measures.

If you occasionally have a bad breath; if there is heart-burn, flatulence and acid gurglings of undigested food; if the stomach burns or smarts; if there is sleeplessness, nervousness, headache or any other of the many symptoms of indigestion use Mi-o-na stomach tablets and get well.

Mi-o-na is not a mere digestive nor a physic, but a tonic remedy that strengthens the muscles of the stomach and bowels so that the flow of gastric juices is increased, and the food is digested naturally and does not stay in the stomach to ferment and poison the breath.

H. P. Dunn has seen so many cures made by Mi-o-na stomach tablets that he gives a guarantee with every 50-cent box that the money will be refunded if the remedy fails to give satisfaction. H. P. Dunn takes the whole risk, and a box of Mi-o-na will not cost you a penny unless it cures you. 138-140-144

A WOMEN'S APPEAL

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these troubles. She feels it her duty to send it to all sufferers FREE. You cure yourself at home, as thousands will testify—no change of climate necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address, Mrs. M. Summers, Box 426, South Bend, Ind.

WEEKLY REVIEW OF TRADE

Liberal Receipts of Gold Tend to Relieve Financial Stress.

New York, Nov. 16.—R. G. Dun & Co.'s Weekly Review of Trade says: Liberal receipts of gold from abroad and a large increase in bank note circulation tend to relieve the financial stress at New York, but the interior is now feeling the scarcity of currency and commercial activity is retarded to some extent. Dispatches from leading cities indicate conservatism in preparation for future business and irregularity in collections, with most favorable news from agricultural sections, in which the crops are being marketed as freely as the supply of money will permit. Return to normal conditions will be hastened by large exports of farm staples, supplying credits abroad upon which the much needed gold may be imported. Official returns indicate that exports of this nature were valued at about \$160,000,000 in October and the outgo of grain and cotton is at a still larger scale this month.

Carlisle General Sentenced.

Barcelona, Nov. 15.—A court martial sitting here has passed the death sentence upon the Carlisle General Moor and his son. These two men were captured near Barcelona on Dec. 24 of last year in the act of leading an armed uprising in Catalonia. Six other men were sent to the chain for life for taking active parts in the movement.

"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgment are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. **Dr. Pierce's Golden Medical Discovery** can be made pure by the use of **Dr. Pierce's Golden Medical Discovery**. It cures and purifies the blood, thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

GOOD HOME RECIPE

Says Anyone Can Prepare it and Knows Nothing Better to Take for Most All Cases

Rheumatism is easier to avoid than to cure, states a well-known authority. Every man, woman and child here should dress as warmly as possible, and above all else keep the feet dry. Avoid colds and exposure, and don't become constipated.

Rheumatism is strictly a blood disease, caused by inactive kidneys, which, through cold or exposure or improper diet, fail in their duty of filtering the rheumatic poisons from the blood. This poisonous waste matter, uric acid, oxalate of lime, urea, etc., if not strained from the blood promptly, decomposes and settles about the joints and muscles, causing rheumatic disease.

In damp or chilly cold weather the kidneys are made to do double work. The pores of the skin all over the body do not assist in eliminating the poisons of the body, throwing this work to the kidneys, which become clogged and feeble, thus causing not only rheumatism, but all forms of kidney trouble, backache, weak bladder and urinary troubles, and sometimes terrible blood disorders.

At the first sign of any of these troubles the following simple prescription should be mixed and taken in teaspoonful doses after each meal and at bedtime: Fluid extract dandelion, one-half ounce; compound kargon, one ounce; compound syrup sarsaparilla, three ounces.

Any good pharmacy can supply these ingredients, and all the mixing required is to shake well in a bottle.

CONFESSES HIS GUILT.

French Ensign Admits Spying for Foreign Powers.

Paris, Nov. 15.—Ensign Ulmo, who was arrested last month at Toulon charged with being a spy, confessed his guilt when confronted in court with the original of a telegram which he had filed at Toulon addressed to an agent of a foreign power. The dispatch had been written in a disguised hand and was not signed, but before handing it into the clerk Ulmo absent mindedly made a correction in his own handwriting and gave his own name to the clerk in compliance with the regulations requiring the name of a sender of a telegram. Ulmo told the magistrate that the foreign power in question had refused his offers to sell information on the ground that the price he asked was too high.

MUCH PROGRESS MADE.

Prosecution Nearly Through in Trial of Mrs. Bradley.

Washington, Nov. 15.—In the trial of Mrs. Annie M. Bradley on the charge of murdering former Senator Arthur Brown of Utah substantial progress has been made. After completing the jury the case was opened for the government by Assistant District Attorney Turner and a number of witnesses introduced by him. There were a dozen of these witnesses, including the manager and a number of employees of the hotel where the shooting occurred and several members of the police force who were concerned in Mrs. Bradley's arrest. Indeed, the prosecution has almost completed the direct presentation of its case.

GUILTY OF MANSLAUGHTER

Man Who Tortured to Death an Aged Woman.

Chicago, Nov. 15.—Harold Mitchell, the Zion City Parhamite, who together with his wife have been on trial in Waukegan charged with having tortured to death Mrs. Letitia Greenhaugh, an aged follower of the Dowie faith, has been convicted of manslaughter. The jury recommended a penitentiary sentence for Mitchell. Mrs. Mitchell was acquitted. The evidence showed that Mitchell killed Mrs. Greenhaugh by twisting her arms and legs until they were broken in an attempt to drive out evil spirits which they claimed to believe were dominating her.

CUTS DOWN EXPENSES

Pennsylvania Railroad to Reduce Working Forces.

EIGHT-HOUR DAY IN SHOPS

Action Taken Owing to Discouraging Outlook—Will Be No Let Up in Labor Necessary to Insure Present Standard of Operation of the Road.

Philadelphia, Nov. 16.—The Pennsylvania railroad has issued the following statement:

"Owing to the discouraging outlook for the coming months and the very large increase in the operating expenses of the company during this year it has been decided to cut down expenses insofar as is practicable with the economical movement of traffic. "Beginning Nov. 18 shop forces working on repairs will be put on an eight-hour basis, but all standards for repairs will be strictly maintained. While reductions will be made in the maintenance of way forces the tracks will be put in the best possible shape for the coming winter and there will be no let up in any work necessary to insure the present standard of operation of the road."

REDUCE WAGES OF PUDDLERS

Mills Also Announce a Temporary Suspension of Work.

Pittsburg, Nov. 16.—Notices posted at the local mills of the Spang & Chalfant company announce a reduction in wages of puddlers to \$5 a ton. It was also announced the mill will be temporarily closed, throwing 500 men out of employment. Many of the puddlers declare they will not work under the new scale, which is \$1.52 below the union scale.

Because of the depression in the coke trade, the H. C. Frick company plants at Connellsville laid off all of its shipping clerks. Many of the ovens have been banked.

The plant of the Interstate Steel company at Breckenridge, a suburb, has closed for an indefinite period because of a lack of orders. Two hundred and fifty men are affected.

Wages Cut in Copper Mines.

Calumet, Mich., Nov. 16.—Following the wage reductions in Upper Michigan copper mines a few weeks ago further reductions have been made known. A 5 per cent cut has been announced by the Massachusetts Consolidated mines and 5 per cent has also been announced by the Centennial and the Allouez companies to take effect Dec. 1. About 1,000 men are affected at the Centennial and Allouez. The Quincy has announced a reduction to take effect Jan. 1, about 1,500 men being involved and the cut being 5 per cent for surface men and 7½ per cent for those working underground.

Compelled to Curtail Output.

Poughkeepsie, N. Y., Nov. 16.—Because of the stringency of the money market the plant of the Phoenix Horseshoe company in this city is compelled to curtail its output. The 250 employees will be divided into two shifts of 125 each, one shift working one week and the second 125 men the next week. The company has many orders ahead, but inability to get enough ready money for the full payroll has caused this arrangement to be made.

Ordered to Cut Expenses.

Altoona, Pa., Nov. 16.—Superintendents of all divisions of the Pennsylvania railroad and the superintendent of the shops at Altoona and other places have been ordered to cut down expenses to a minimum and to suspend wherever it can be done without crippling the force. Several hundred men will be affected.

Southern Saw Mills Close.

Pensacola, Fla., Nov. 16.—Ninetenths of the saw mills in the Pensacola region have closed on account of lack of demand for lumber and a large number of men are thrown out of work. The more important mills are running, but with reduced forces and decrease of wages from 10 to 20 per cent.

Will Run Only Half Time.

St. Johnsbury, Vt., Nov. 16.—The Fairbanks company, manufacturers of scales and hardware supplies, announces that until further notice its large plant would be operated on half time. The curtailment is due to the scarcity of currency. About 1,300 hands are affected.

Three Thousand Affected.

Leominster, Mass., Nov. 16.—Thirty comb factories have retrenched to an eight-hour day to save expenses and several piano factories have cut the working week to four days. About 3,000 persons are affected.

Britain Builds Fast Destroyer.

Cowes, Isle of Wight, Nov. 16.—Great Britain, not content with possessing the largest warship in the world in the Dreadnaught, has constructed the fastest fighting craft destroyer in the Mohawk. On her official trial in the North sea the Mohawk maintained for six hours a mean speed of 34½ knots an hour. In six runs over a measured mile she travelled at the rate of 34½ knots an hour. This is equal to forty miles. The Mohawk is fitted with steam turbines and a water tube boiler using oil.

FUTURE OF NEGRO RACE

Roosevelt, Bryce and Carnegie Speak at Howard University.

Washington, Nov. 16.—President Roosevelt, James Bryce, British ambassador, and Andrew Carnegie delivered addresses reflecting pronounced optimism as to the future of the negro race at the installation of the Rev. Wilbur Patterson Thirkield as president of Howard university and the celebration of the fortieth anniversary of the founding of that institution, which is devoted primarily to the higher education of the negro.

President Roosevelt admitted the hardships encountered by the negro in his efforts toward advancement, but urged that they be looked upon rather as a privilege and as stimulating great effort for which the reward would be equally great.

Mr. Bryce pointed to the development of the race during the last forty years as being marvelous compared with the development of the Anglo-Saxon race.

It was for Mr. Carnegie to awaken unrestrained enthusiasm by his declaration that it was not now the question "What shall we do with the negro?" but "How can we get more of

JAMES BRYCE.

them?" Mr. Carnegie completed his triumphs of popularity by showing in conclusion that the race in America had acquired title to estates in America during the past forty years larger than Belgium and Holland combined.

Many prominent personages participated in the ceremonies, representing government officials, the clergy and educators. After the three addresses mentioned the programme was continued with speeches by Elmer E. Brown, United States commissioner of education; Secretary Garfield, Rev. John W. Bowen, president of Gammon theological seminary, Atlanta, and the address of President Thirkield.

GIVEN CORDIAL RECEPTION

Carnegie Addresses Central American Peace Conference.

Washington, Nov. 16.—Andrew Carnegie was cordially received by the delegates to the Central American peace conference at an informal meeting called to welcome him. The visitor responded to an introduction by Assistant Secretary of State Bacon. Speeches were made by Luis Anderson, president of the conference, and Minister Calvo of Costa Rica, dean of the Central American diplomatic corps. Mr. Anderson paid a tribute to Mr. Carnegie's work for peace and expressed the hope that not only Central America but North and South America would join in the sentiment expressed by him that we shall call each other brothers. He added that in the name of his fellow delegates he was happy to call Mr. Carnegie brother.

Dictated and Signed Will

Act of Charles T. Barney After Shooting Himself.

New York, Nov. 16.—Mortally wounded by his own hand Charles Tracy Barney summoned his family and lawyers to his bedside and calmly reviewing his business and private affairs and giving minute expression of his wishes in certain affairs dictated and signed a will in which his wife was made the principal beneficiary. This business disposed of he submitted with resignation to the operation through which his physicians had hoped to save his life. A half hour after the lawyers withdrew the former head of the Knickerbocker Trust company was dead.

DEGREE FROM OXFORD.

Emperor William Accepts Honors at English University.

Windsor, Eng., Nov. 16.—Emperor William is continuing his work toward the creation of friendly feelings on the part of Englishmen toward Germany and it is now seen that this purpose is the object of his visit to this country. The emperor took advantage of another opportunity when accepting the degree of doctor of laws from Oxford university. In his address he expressed his admiration of the Rhodes scholarship system, which he said had helped to create an atmosphere of mutual respect and friendship between the two countries. Another gorgeous state banquet was given to Emperor William at Windsor castle. Among the 128 guests were twenty members of the royal family.

Mrs. Romadka Sentenced.

Chicago, Nov. 16.—Mrs. Evelyn Romadka has been sentenced to the penitentiary for from one to twenty years by Judge Brentano. Her counsel declared in court that she was being railroaded to prison for the purpose of shielding other people. The trial lasted eleven minutes. Mrs. Romadka is the wife of a trunk manufacturer of Milwaukee and was arrested and convicted of being accessory to the burglaries and larcenies of Albert Jones, a negro of this city.

JUDGE RESERVES DECISION

Plea of Immunity in Trial of John R. Walsh.

Chicago, Nov. 16.—A long argument between opposing counsel and in which the court took part from time to time over what is regarded as a plea for immunity because the books of the defendant had been used in the federal grand jury investigation of his affairs took place in the trial of John R. Walsh on a charge of having misappropriated funds of the banks with which he was associated. The question of immunity was not settled, Judge Anderson announcing that he would reserve his decision until later. The immunity plea was based upon the facts that the books of the Southern Indiana railway were used as evidence by the federal grand jury in its examination which resulted in the indictment of Mr. Walsh and were about to be used by the government in the present trial.

Are You Bankrupt

IN NERVE FORCE?

If you spend three dollars a day and earn two you are sure to come to bankruptcy and yet this is just what thousands of us are doing in regard to health. By overwork, worry and anxiety the energy and vigor of the body is wasted more rapidly than it is built up and the result is bankruptcy of health. Sleeplessness, headaches, indigestion, worn-out feelings, spells of weakness and despondency are some of the symptoms which tell of the approach of nervous prostration or paralysis.

Dr. A. W. Chase's Nerve Pills

Supply in condensed and easily assimilated form the very ingredients from which Nature constructs nervous energy and builds up the human system. They positively overcome the symptoms referred to above and prevent and cure the most serious forms of nervous diseases. 50 cents a box, at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N.Y.

Miss T. Martin, 524 Sherman Avenue, Troy, Ohio, says: "By overwork I was compelled to give up in such a weakened condition that it resulted in nervous prostration. I secured Dr. A. W. Chase's Nerve Pills, and continued the treatment until it completely restored me to my usual strength and good health."
